

“GETTING STARTED KIT” PROJECT SUMMARY:

Each year, the Guest House of Milwaukee helps individuals and families move into affordable permanent housing. Almost all of these newly independent people are starting from scratch and do not have the resources to purchase the many basic items that we take for granted every day.

This project directly impacts the people we serve by providing a housewarming gift containing all the items that will make their day to day lives easier.

TO CREATE A “GETTING STARTED KIT,” PACK THE FOLLOWING NEW ITEMS INTO A LAUNDRY BASKET:

Kitchen Items

- (1) pot with lid
